

Our Cause

Crimes against children are among some of the most heinous and disturbing that law enforcement encounters.

The Union County Prosecutor's Office established the Child Advocacy Center of Union County in 1995 to respond directly to such crimes. The state-of-the-art service facility where the Center is now located opened in 2012, and today it tends to the needs of the more than 1,100 people who visit it annually in order to utilize its resources.

At the Center, young victims of physical and sexual abuse can disclose the details of the crimes against them in a calming environment. Its "wraparound" service model features investigative, prosecutorial, psychological, medical, and mental health services all provided under one roof, with referrals also made for follow-up treatment.

The Friends of the Child Advocacy Center assist in funding the costs associated with mental health intake evaluations and services for children treated at the Center. Thank you for your continued support of the Center and all of those it serves.
